THREE COLLISIONS.

Disastrous Wreck Near St. Louis—A Fatal Collision Occurs in Germany.

EAST ST. LOUIS, Ill., Oct. 4.—A disastrous collision took place on the Belt road last evening, in which four men were seriously hurt and two valuable trotters killed. Fred Quinn, of Boone, Iowa, and Joseph Roche, of Crittenden, N. Y., were in a car with the trotters Lady Gay, 2:27, valued at $15,000, and Goorgie, owned by George McFarland, of Boone, Iowa. The car was thrown from the track, Lady Gay was killed and Georgie disabled, Roche, Quinn and two switchmen were dragged out badly hurt.

BERLIN, Oct. 4.—A collision occurred to-day between a passenger train and freight train at Lasswitz, in Posen. Four railroad officials who were on the passenger train were killed and many of the passengers were injured.

LEXINGTON, Ky., Oct. 4.—1:40 p. m.—Indefinite reports reached here last night of an accident at tunnel 26, on the Cincinnati Southern road near Somerset. It is reported that a passenger train ran into a freight in the tunnel, and that several lives were lost. The officials will say nothing about the wreck. Fifteen lives were lost in a wreck in the tunnel January 1, 1888.

LATER.

CINCINNATI, O., Oct. 4.—A freight and an accommodation train came into collision at 5:30 this morning, near tunnel 26, on the Cincinnati Southern road, within a few miles of Somerset. No one was hurt, and the damages will not exceed $500.

A PORK INJUNCTION.

The Morning's Sensation on the Chicago Board of Trade.

CHICAGO, Oct. 4.—The sensation on the board this morning was the report that the clique had gone before Judge Shepard and secured an injunction against the board of trade inspector to prevent him from issuing certificates on the newly packed October pork. The clique yesterday morning received and paid for all the new packed pork delivered to it, but it now transpires that this was only the pork sold to the clique at low prices.

High priced pork tendered them on the late deliveries yesterday, was refused, and the injunction to prevent its delivery was asked for. The first notice of the injunction was a notification to President Seaverns, at his home in Kenwood early this morning, that the injunction had been granted. The testimony on which the injuction was issued was ex-parte, the packers and board of trade officers not being represented.

MASSACHUSETTS POLITICS.

The Nationalists, Knights of Labor and Greenbackers Unite on a Candidate for Governor.

BOSTON, Mass., Oct. 4.—About fifty persons responded to the call for a public meeting of single tax men, nationalists, Knights of Labor, trades unionists, socialists, greenbackers and independent voters at the Workingmen's institute last night, to consider what course to pursue in the coming campaign. This subject was freely discussed and both the old parties were severely censured.

The conduct of James H. Miller, of Worcester, in the recent democratic convention was applauded. Resolutions were adopted endorsing him as a labor advocate, and he was then nominated as a candidate of the various interests represented, for governor. The matter of other nominations on the labor ticket was deferred until next Monday.

Bicyclist Drowned.

SPRINGFIELD, Mass., Oct. 4.—Richard A. Webb, aged twenty-six, who lived in Holyoke and worked for the Agawan Paper company, at Mitegua, is supposed to have taken a header from his bicycle on a bridge last night and gone into the river and been drowned. His wheel, hat and bundle were found on the bridge this morning and the river is being dragged.

Death of General Tavrille.

ST. PAUL, Oct. 4.—General Tavrille died here last night of bright's disease, in his sixty-fourth year. He was a state senator for several terms and served in the national congress from 1871 to 1875. He was a member of the republican national committee from 1868 for twelve years.

Going West.

ST. JOSEPH, Mo., Oct. 4.—At the World's fair convention held yesterday in the board of trade hall, resolutions were adopted favoring a site west of the Alleghenys for the World's fair in 1892.

FATAL ACCIDENT.

A Threshing Machine Goes Through a Bridge and One Man is Killed.

Henry Sparks, a well-to-do citizen of Huntington county, runs a threshing machine in the vicinity of Markle. He, with two assistants, Wednesday morning started with their ponderous traction engine to go about ten miles north, to do some clover threshing near Zanesville, this county.

While crossing a bridge that spanned a small stream two miles north of Zanesville the bridge broke down and the engine, tank and the three men went with it and the three men were piled in one promiscuous heap. Sparks succeeded in leaping to a place of safety, but Wright and Isenberger, his two assistants, fared not so well.

The steam guage broke off and the escaping steam literallly covered Wright, who was horribly scalded, the skin hanging in shreds from his hands and body. Young Isenberger was wedged in between the engine and tank and was extracted some minutes later by the neighbors that had gathered.

Dr. Murray, of Zanesville, was called and administered what aid human skill could devise to the two suffering men, but before morning Isenberger, who was suffering from severe internal injuries, died. Wright is still living, but his recovery is very doubtful.

The bridge was considered to be amply safe for all ordinary loads, and was examined by the parties before attempting to cross and was thought to be all right.

A HORRIBLE FATE.

A Passenger on the Wabash Cannon Ball is Mangled and Instantly Killed at Cecil, Ohio.

This afternoon, as the Wabash cannon ball, westward bound, due here at 1:45, was pulling into the station at Cecil, Ohio, a passenger named Shults, of Paulding, Ohio, was instantly killed in an attempt to alight from the rapidly moving train. He was hurled with great force under the car and was caught by the brake beam, which pinioned him in a death vise.

The unfortunate man was rolled, twisted and mangled beyond all human semblence, and when the train stopped at the station the horror-stricken crowd stood agast at the horrible sight. The body was literally torn to pieces. Mr. Frank Purcell, of the firm of Clayton, Purcell & Co., of this city, who was on the train, procured a crowbar with which he loosened the quivering remnants of the body, and the remains were carried into the station.

FORTY LIVES LOST.

An Explosion Wrecks a Vessel With Deadly Results.

NEW ORLEANS, Oct. 4.—The steamer Corona, of the Ouachita Consolidated line, left here Wednesday evening for the Ouachita river with a full cargo of freight and a good list of passengers. She exploded her boilers at False river, nearly opposite Port Hudson, causing the loss of the steamer and about forty lives.

The Anchor line steamer City of St. Louis, Captain James O'Neil, was near by, and with his crew and boats saved many lives. The surviving passengers and crew were taken on board by Captain O'Neil and very kindly cared for by him and his crew.

THRILLING SCENE.

An Insane Prisoner Commits Suicide at Baltimore.

BALTIMORE, Md., Oct. 4.—There was quite a thrilling occurrence yesterday afternoon at the Maryland penitentiary between two negro convicts, Richard Wells and Isiah Wheeler.

Both were employed in the stone yard. Wells became frightened in the morning by unmanagable horses and was in a nervous condition all day. About 4 o'clock the men suddenly became wildly insane.

He picked up a heavy scantling and slashed at everybody. He struck Wheeler two terrible blows on the head and then ran upon the fifth tier of the prison and dashed himself to the flags. His skull was fractured, right thigh broken in two places, and several ribs broken. Both Wells and Wheeler will die.

Village Destroyed.

DUNKIRK, Md., Oct. 4.—Fire almost entirely destroyed the village of Dunkirk yesterday. It started in the store of W. A. Sullivan.

BALTIMORE, Oct. 4.—The lamp black factory of McCready, Rose & Whitehouse, on the Washington road, was burned this morning. Loss, $10,000.

DALZELL'S DEFENSE.

The Private's Reasons For Giving Publicity to the Tanner Letter.

ST. LOUIS, Mo., Oct. 4.—Private Dalzell, of Caldwell, Ohio, writes a letter in which he defends his course in publishing the Tanner letter. He says:

"My prudence in defending poor Tanner has been called in question and my statements flatly contradicted or sneered at as absurd. Call me what they please, they shall not successfully call me a liar. I am fortified. I have reserved enough ammunition yet to finish the fight. My veracity was unquestioned when I said that Tanner and the president promised me the deputy commissionership of pensions.

"This Corporal Tanner confesses in substance, and lays the blame of the violated promise upon Noble and the president, and this made the publication not only proper but unavoidable. I regretted exceedingly to call Corporal Tanner to the witness stand. He is a very unwilling witness, but I was forced to call him to testify that, whoever lied, it was not me. It was a private letter. I never published one before, nor would I have published this if the truth could have been brought out any other way.

"I have private letters from Senator Sherman, but I will never publish them without his express consent or demand. As for President Harrison's letters, I think I know my duty of deference and respect to the great office that he is called to fill, too well, to permit, without his expressed demand, to make public all the letters I have received from him. If the writers of the letters admit as Tanner did by their silence, or expressly, that I have stated their contents with substantial accuracy, I certainly have no need at all to make them public, but if, however, they publicly contradict me in any particular, I shall produce their letters before the jury of the people."

The ball tore away a portion of her nose. She rushed from the house and Flynn shot himself in the head, the bullet making a scalp wound, but rendering the man insensible for a time. Flynn was arrested. The couple have lived happily heretofore, but Flynn is said to be a demon when intoxicated.

NEW ORLEANS, La., Sept. 4.—Two well known gamblers, Joseph M. Marcus and Napoleon White committed suicide in the city yeeterday, the first named by shooting himself and White by poisoning. A wreck occurred on the Merida and Ialuta railway yesterday, in which several passengers were killed. Three cars were a total wreck.

PEORIA, Ill., Oct. 4.—A canard set afloat several days ago in jest caused a run upon the Dime Savings bank, of this city, and thousands upon thousands of dollars were drawn yesterday afternoon. All deposits were promptly paid out on demand, and so great was the wish of the officials to do what was right, that they kept their doors open till 10 p. m., to give all who wished a chance to withdraw.

THE GRAND JURY.

They Send in Six Indictments and Report on the County Asylum and Jail.

To-day the grand jury reported six indictments. One against Waldo Hills for false pretenses and grand larceny; one against William Willows, assault and battery; one against Patrick Mack, petit larceny; one against John Dailey, assault and battery; one for forgery, one for assault and battery, with intent to kill, against parties not yet arrested.

No indictments were found against Moses Moten and Allen Dunten, charged with larceny, and they were ordered discharged.

David A. Burnie, for shooting Sam Drewly, was not indicted.

REPORT ON COUNTY ASYLUM AND JAIL.

To the Hon. E. O'Rourke, Judge of the Allen Circuit Court, Indiana:

We, the grand jury, would respectfully represent that we have examined into the condition of the poor asylum of Allen county, and would report that we found the house in good order and condition, the appointments clean, neat and in excellent condition and the inmates seemed to be well cared for.

We would recommend that the cells for the insane patients, especially those who are required to be confined, should be larger and better ventilation provided.

We also visited the county jail and found things in as good condition as could be expected under the circumstances. We would recommend that some changes be made in the cell room so as to enable them to close the cells in the day time, leaving but one open for the convenience of the inmates, and that the gate into the crackery be repaired, as it is in danger of falling down and injuring the party opening it.

We would also note that there were but few inmates at the present time in the jail.

THOMAS S. HELLER,
Foreman.

CIRCUIT COURT.

State vs. Wm. Willows, assault and battery; plead guilty; fine, $25:00; county jail for thirty days.

State vs. Patrick Mack, petit larceny; plead guilty; county jail for sixty days.

LOOKS RATHER BAD!

Montana's Legislature is Probably Republican, but the Democrats Get the Governor.

HELENA, Mont., Oct. 4.—The situation this morning shows that Toole (Dem.) is probably elected governor. The rest of the state officers are all republican and the senate also, but the house is in doubt.

The republicans claim the legislature on joint ballot by three or four majority. All the county officials are elected by the republicans. The situation in general is still unreliable.

PORTLAND, Ore., Oct. 4.—A special from Olymphia states that returns are coming in very slowly. The republican majority is estimated at 7,500. This estimate is based on the latest returns. The legislature is undoubtedly republican by a large majority.

JAMES G. BLAINE.

Some of the Delegates to the Three Americas Congress Do Not Like Him.

NEW YORK, Oct. 4.—The *Sun's* Washington correspondent intimates that the Chilian and Argentine Republic delegates to the international congress are dissatisfied with the selection of Mr. Blaine as president of the congress, and that they may withdraw from the body.

WASHINGTON, Oct. 4.—Mr. Blaine was very busily engaged this forenoon and inaccessible to newspaper men, who desired some statement concerning the report that some of the delegates from Chili and the Argentine Republic to the Three Americas congress had withdrawn because Mr. Blaine had been elected president of the body.

A United Press reporter succeeded in getting to Mr. Blaine a telegraph dispatch giving the gist of the story and after a long wait he received it back without comment from Mr. Blaine.

The state department people refuse to discuss the matter further than to say that the falsity of the story in part, was shown by the fact that the Chilian delegates, who were said to have withdrawn, arrived in New York only yesterday.

The story published in New York this morning about the trouble in the international congress on account of the selection of Mr. Blaine to be chairman of the conference is confirmed by a good authority to-day. The Chilian delegates were represented by the Chilian minister. They, with the delegates from the Argentine Republic, withdrew from the conference rather than vote for Mr. Blaine. The cause alleged was that Mr. Blaine was not a member of the conference. It was through the efforts of these delegates that the resolution was adopted providing for the selection of a temporary chairman by lot.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, OCT. 4, 1889.

OCTOBER is the grandest month of the year. Such weather as this proves it.

THE result of the election in Montana is exciting a great deal of interest.

IT is predicted that Miss Wanamaker, daughter of the postmaster general, will be a prominent belle in Washington this winter. Her good sense and winning manners are her charms.

DWIGHT L. MOODY, the evangelist, is back in Chicago again saving sinners. With the exception that he has grown a little grayer and a little stouter he looks much the same as he did ten years ago.

GEORGE WILLIAM CURTIS in his annual address delivered before the Civil Service Reform League, at Philadelphia, arraigned President Harrison, the postmaster-general, republican senators and representatives in congress, party committees and local leaders for violating their pledges and disregarding public sentiment by repudiating the civil service reform plank in their platform.

AT the recent meeting of the International Typographical union a vigorous effort was made to have the headquarters removed from Indianapolis and permanently located at Chicago. It was finally decided to submit the matter, among other constitutional questions, to a vote of all the subordinate printers' and pressmens' unions of the United States. The committee authorized to canvass the returns has finished its work and found a handsome majority in favor of Indianapolis. Hence, the headquarters will remain there permanently.

INDIANA men came to the front in the elections held this week in the four new states. A. C. Mellette, elected governor of South Dakota, was editor of a Muncie paper before he went to Dakota. John R. Wilson, elected to congress in Washington, is a lawyer at Crawfordsville. H. C. Hansbrough, who goes to congress from North Dakota, is a native Hoosier. Judge Gideon C. Moody, of South Dakota, is from New Albany and was colonel of the Ninth Indiana infantry, and at the close of the war was appointed captain of a company in the regular army. Ex-Governer Gilbert A. Pierce, of North Dakota, formerly lived at LaPorte. The two gentlemen last named are to be elected to the United States senate by the legislature just chosen. Martin Maginnis, who ran for congress in Montana is a former Indiana man.

THE general convention of the Protestant Episcopal church of America, held every three years, is in session at New York city. This is looked upon as one of the most notable conventions ever held by the church in this country. This is the centennial and anniversary of the adoption of the constitution of the Protestant Episcopal church and of the holding of the first general convention, as prescribed by that constitution. It is also notable from the number of important subjects to come up before the convention. One of the questions to be settled is the proposed change of the name of the church, many being opposed to the present name. Another important question is that of proportional representation. There are also eighteen resolutions proposing "alterations and additions in the book of common prayer," which were adopted at the Chicago convention three years ago and which will come up before the present convention for final action. The general convention consists of two houses—the house of bishops, numbering forty bishops, and the house of deputies, consisting of over 400 lay and clerical delegates, two of each from each diocese.

THE THREE AMERICAS.

The purpose of the three Americas congress, which is in session this week at Washington, is to discuss trade problems, directly or impliedly with the end to establish better relations with the United States and the states of South America. All the southern countries are represented in the congress by gentlemen competent and authorized to examine into the advantages this country may offer in competition with the European nations with which the South American states chiefly deal.

The desirability of establishing closer relations between the several Americas has been set forth very clearly in recent years, and it has seemed remarkable that earlier efforts to that mutual benefit were not made. We have not held out many inducements to our southern brethren to transfer to us a merited part of the commerce with Europe, though we have been heavy buyers of South American products. About 89 per cent. of South and Central American imports are from Europe, this country getting the benefit of about 11 per cent. Yet a large proportion of the goods purchased in Europe could be supplied by us with greater convenience to the people it is our hope now to interest.

LEMON parties continue to be fashionable in the East. Each young man is expected to bring a lemon, a girl and squeezer.

NATURAL GAS ON A FROLIC.

The House of Fred Baade Rent Asunder by an Explosion—Another Accident.

Last night, a little previous to 10 o'clock, an explosion of natural gas at the residence of Fred Baade, the natural gas inspector, at 261 East Jefferson street, resulted in burning the occupants of the house and shattering one portion of the building.

The explosion can be accounted for as follows: The pipe valves in the house of Mr. Baade had been left open, the fuel not having yet reached them. The gas, however, was turned on in the evening, and of course permeated the atmosphere throughout the house. Finally the gas caught fire from a lamp resulting in an explosion, which was so terrific that one portion of the house at the rear was literally ripped apart. The damage is about $200.

There were in the house at the time Mr. Baade, his wife, and aged father, William Baade, besides Miss Emma Blake.

Mrs. Baade, who is a sister of Mr. H. C. Paul, was burned about the hands and face, as was Miss Blake. Mr. Baade, sr., was also badly burned, while his son was more fortunate, having escaped with slight burns. He then groped his way to the valve and shut off the gas.

It was gross carelessness and nothing else that caused the accident. The fire department was called and prevented a fire.

FAST FLYERS.

Fort Wayne Horses Capture Prizes at the North Manchester and Kendallville Races.

Fort Wayne horses continue to win laurels, and make happy the hearts of their owners. In the free-for-all pace at North Manchester yesterday, "Tom F," owned by Mr. Franks, took the first place, and at Kendallville the 2:40 trot was won by "Lorna Doon," Rockhill Brothers & Fleming's horse, the best time having been 2:36; while Bash's "Luella" won the free-for-all pace—best time, 2:23¼.

The races at North Manchester resulted as follows: Three minute trot—River Bend, 1; Rowena Sprague, 2; Traction, 3; best time, 2:39¼. Free-for-all pacing—Tom F, 1; Mack, 2; Jennie R, 3: Andy H, 4; best time, 2:33½. One mile run—John Bower, 1; Mollie R, 2; Sugy, 3; time, 1:52.

In the free-for-all pace at Edinburg, Ind., the score stood: Pickaway, 4; Gray Harry, 2; Daisy C, 3; best time, 2:19. These horses were seen here at the recent races.

TWELVE TEMPTATIONS.

The Beauties of the Attraction Exhibiting at the Temple To-Morrow Night.

The main success of the "Twelve Temptations," which exhibits at the Temple to-morrow night, is ascribed to the elaborate scenery, of which more is carried than by any other attraction on the road. The artists are all eminent in their line and the scenes displayed are grand in their beauty and magnificence, and the audience are dazed with their splendor.

The changes, transformations and general scenic effects are admirable and are managed with fine precision. This portion of the show presents all the charms of coloring, tone, harmony and elaboration to be found in an art gallery, and insures the success of the spectacle, even if it did not possess any other valuable accessories.

Peculiar

In the combination, proportion, and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the phenomenal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

A Sudden Attack.

WESTWOOD, N. J., Oct. 3.—Wm. H. Thompson, ex-sheriff of Rockland county, New York, was taken suddenly ill while watching a horse race at the fair grounds yesterday, and it is feared that he can not recover.

"Had Been Worried Eighteen Years."

It should have read "married," but proof-reader observed that it amounted to about the same thing, and so did not draw his blue pencil through the error. Unfortunately there was considerable truth in his observation. Thousands of husbands are constantly worried almost to depair by the ill health that afflicts their wives, and often robs life of comfort and happiness. There is but one safe and sure way to change all this for the better. The ladies should use Dr. Pierce's Favorite Prescription.

Tanner's Successor.

SPRINGFIELD, Ill., Oct. 3.—News was received in this city last night by leading politicians to the effect that Gen. W. H. Powell, of Belleville, was a strong probability as the successor of Corporal Tanner as pension commissioner. General Powell was talked of before Tanner's appointment and received the indorsement of both the Illinois senators and several congressmen.

HIS DREAM A FAILURE.

A gentleman living in Baxley recently dreamed that in a certain hole under a stump of a tree he would find a fur collar which had been stolen from his house. He visited the field, found the stump, and, placing his hand in the hole, felt a furry substance, pulled it out, and dropped the skunk on short notice, and has since then been fumigating the clothes he wore on that occasion. He says that dreams are a failure.—*Savannah News.*

THIRD POINT You should read the CHICAGO DAILY NEWS because it's *an independent newspaper.* There are two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

THE RAILROADS.

Local News Gathered Around the Busy Centers of the City.

A. B. Adams, roadmaster of the Wabash, was in the city yesterday.

The improvements around the Wabash depot are now nearly completed.

Ed Gruber, of the electric light works, is off duty on account of an injury to his hand.

Charley DeRome, who plays the negro character with the People's theater troupe, was formerly an employe of the Pittsburg shops.

Ollie Kinnard has accepted a position as foreman with the Wabash machine shops at Chicago, and will leave for that city next week.

To-morrow ten special trains will pass through this city from the west on the Pennsylvania road with delegations of Knights Templar on their way to Washington.

H. B. Millikin, the oldest engineer on the New York Central road, who retired after having run an engine on that road forty-five years, has been appointed an inspector in one of the company's shops.

Martin Kramer, of the Pennsylvania company, has received a letter from his wife, who has been visiting her parents in Germany for the last four months, stating that she will leave for home about the 19th inst. and expects to reach Fort Wayne about the 1st of November. She has been having a pleasant visit abroad. Her parents live near the French line and she has spent some of her visit abroad at Paris, the gay French capital.

A MAGNIFICENT TRAIN.

The train which carried the delegates to the Three Americas Congress out of of Washington yesterday on their eastern trip was a magnificent one.

There were seven cars on the train, all vestibule, and all fresh from the Pennsylvania shops, and even the engine was new. On the side of the composite car, "Esperatus," immediately behind the engine, was lettered in gold, "International American Congress—Pennsylvania Special." In this car was the dynamo which furnished electricity to illuminate the entire train, the bath room and barber shops, the library and the smoking room. Behind the composite car was the dining car, "Windsor." Its larder was stocked with every delicacy. Then came the vestibuled Pullman cars, "Russia," "Japan," "India," "Columbus," and "Washington."

They were the largest size Pullman cars. Each contained twelve sections and two drawing rooms. Each was lighted from above by incandescent lights, while other lights were arranged in each berth, so that the travellers could have their sleeping apartments lighted at night if they chose. George W. Boyd, the assistant general passenger agent of the Pennsylvania railroad, and Mr. Martin, of the Pullman palace car company, were on the train superintending every arrangement.

LOCAL LINES.

Mr. Gart Shober is said to be in Chicago with Mr. Frank Falker.

Mrs. Daniel Komp has returned from Kansas City much improved in health.

Frederick Frock was arrested by Officer Kramer last night and was sent to jail this morning.

Mr. Ed Gruber, who had his hand caught in a shaper at the Peters Box and Lumber Company's works, will lose one finger in consequence. It will be a month before he gets to work again.

On Wednesday evening, October 9, will occur the nuptials of Cecilia M., daughter of Mr. and Mrs. Isaac Mendenhall, to Clinton Bourie, the ceremony to take place at the bride's home, 107 Lafayette street.

A team belonging to H. W. Bond, the flour dealer, ran away on Main street last evening while the driver was making a delivery at Fox's restaurant. The animals were stopped and taken to the police station. No damage.

Mr. Fred Neise, the popular young clerk, who was connected with the store of W. H. Pyke for a long time, has accepted a similar place with the extensive grocery business of A. J. Dittoe.

Plymouth *Democrat*: "Right-of-way contracts for the New York, Fort Wayne and Chicago railroad were printed at this office this week, and we believe it is the intention of the company to prospect for the right-of-way over the proposed route at once."

Miss M. Walpole, Indianapolis; E. J. Rosenthal, Cincinnati; F. A. Lunkin, C. Russ, Chicago; N. K. Todd, Bluffton; H. M. Hemming, Waterloo; H. W. Kapp, Bluffton; Mrs. J. L. Larwill, R. G. Thompson, Frank Purcell, city, are among the guests at the Aldine.

Of the suit in which citizens of Plymouth sue the Jenney company for $50,000 damages, the Plymouth *Democrat* says: "Hon. Chas. Kellison is the principal attorney in the case, with the Hon. Joseph E. McDonald and others of Indianapolis as advisory council. A change of venue will undoubtedly be taken from Fort Wayne and the case will probably not be finally disposed of within the next ten years—so effectual are 'the law's delays.'"

Will Trot Again.

NEW YORK, Oct. 3.—Belle Hamlin and Harry Wilkes have been matched to trot for $2,500 a side, at Fleetwood Park, on October 11th.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Tanner at New York.

NEW YORK, Oct. 3.—Corporal Tanner, ex-commissioner of pension, arrived here from Washington last evening and is staying at the Astor house. He declines to be interviewed.

The man in the moon came tumbling down.
And asked the way to Norwich.
He went by the South and burnt his mouth
With eating cold peas porridge.

"Pond's Extract is sure your burns all to cure."
Quoth the man in the moon, "I doubt it."
But when once applied the pains quickly subside,
And he never will be without it.

Mrs. Z. T. Esmond and niece have gone to New York state on a visit.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THREE COLLISIONS.

Disastrous Wreck Near St. Louis—A Fatal Collision Occurs in Germany.

EAST ST. LOUIS, Ill., Oct. 4.—A disastrous collision took place on the Belt road last evening, in which four men were seriously hurt and two valuable trotters killed. Fred Quinn, of Boone, Iowa, and Joseph Roche, of Crittenden, N. Y., were in a car with the trotters Lady Gay, 2:27, valued at $15,000, and Georgie, owned by George McFarland, of Boone, Iowa. The car was thrown from the track, Lady Gay was killed and Georgie disabled. Roche, Quinn and two switchmen were dragged out badly hurt.

BERLIN, Oct. 4.—A collision occurred to-day between a passenger train and freight train at Lassewitz, in Posen. Four railroad officials who were on the passenger train were killed and many of the passengers were injured.

LEXINGTON, Ky., Oct. 4.—1:40 p. m.—Indefinite reports reached here last night of an accident at tunnel 26, on the Cincinnati Southern road near Somerset. It is reported that a passenger train ran into a freight in the tunnel, and that several lives were lost. The officials will say nothing about the wreck. Fifteen lives were lost in a wreck in the tunnel January 1, 1888.

LATER.

CINCINNATI, O., Oct. 4.—A freight and an accommodation train came into collision at 5:30 this morning, near tunnel 26, on the Cincinnati Southern road, within a few miles of Somerset. No one was hurt, and the damages will not exceed $500.

A PORK INJUNCTION.

The Morning's Sensation on the Chicago Board of Trade.

CHICAGO, Oct. 4.—The sensation on the board this morning was the report that the clique had gone before Judge Shepard and secured an injunction against the board of trade inspector to prevent him from issuing certificates on the newly packed October pork. The clique yesterday morning received and paid for all the new packed pork delivered to it, but it now transpires that this was only the pork sold to the clique at low prices.

High priced pork tendered them on the late deliveries yesterday, was refused, and the injunction to prevent its delivery was asked for. The first notice of the injunction was a notification to President Seaverns, at his home in Kenwood early this morning, that the injunction had been granted. The testimony on which the injuction was issued was ex-parte, the packers and board of trade officers not being represented.

MASSACHUSETTS POLITICS.

The Nationalists, Knights of Labor and Greenbackers Unite on a Candidate for Governor.

BOSTON, Mass., Oct. 4.—About fifty persons responded to the call for a public meeting of single tax men, nationalists, Knights of Labor, trades unionists, socialists, greenbackers and independent voters at the Workingmen's institute last night, to consider what course to pursue in the coming campaign. This subject was freely discussed and both the old parties were severely censured.

The conduct of James H. Miller, of Worcester, in the recent democratic convention was applauded. Resolutions were adopted endorsing him as a labor advocate, and he was then nominated as a candidate of the various interests represented, for governor. The matter of other nominations on the labor ticket was deferred until next Monday.

Bicyclist Drowned.

SPRINGFIELD, Mass., Oct. 4.—Richard A. Webb, aged twenty-six, who lived in Holyoke and worked for the Agawan Paper company, at Mitegua, is supposed to have taken a header from his bicycle on a bridge last night and gone into the river and been drowned. His wheel, hat and bundle were found on the bridge this morning and the river is being dragged.

Death of General Tavrille.

ST. PAUL, Oct. 4.—General Tavrille died here last night of bright's disease, in his sixty-fourth year. He was a state senator for several terms and served in the national congress from 1871 to 1875. He was a member of the republican national committee from 1868 for twelve years.

Going West.

ST. JOSEPH, Mo., Oct. 4.—At the World's fair convention held yesterday in the board of trade hall, resolutions were adopted favoring a site west of the Alleghenys for the World's fair in 1892.

FATAL ACCIDENT.

A Threshing Machine Goes Through A Bridge and One Man is Killed.

Henry Sparks, a well-to-do citizen of Huntington county, runs a threshing machine in the vicinity of Markle. He, with two assistants, Wednesday morning started with their ponderous traction engine to go about ten miles north, to do some clover threshing near Zanesville, this county.

While crossing a bridge that spanned a small stream two miles north of Zanesville the bridge broke down and the engine, tank and the three men went with it and the three men were piled in one promiscuous heap. Sparks succeeded in leaping to a place of safety, but Wright and Isenberger, his two assistants, fared not so well.

The steam guage broke off and the escaping steam literally covered Wright, who was horribly scalded, the skin hanging in shreds from his hands and body. Young Isenberger was wedged in between the engine and tank and was extracted some minutes later by the neighbors that had gathered.

Dr. Murray, of Zanesville, was called and administered what aid human skill could devise to the two suffering men, but before morning Isenberger, who was suffering from severe internal injuries, died. Wright is still living, but his recovery is very doubtful.

The bridge was considered to be amply safe for all ordinary loads, and was examined by the parties before attempting to cross and was thought to be all right.

A HORRIBLE FATE.

A Passenger on the Wabash Cannon Ball is Mangled and Instantly Killed at Cecil, Ohio.

This afternoon, as the Wabash cannon ball, westward bound, due here at 1:45, was pulling into the station at Cecil, Ohio, a passenger named Shults, of Paulding, Ohio, was instantly killed in an attempt to alight from the rapidly moving train. He was hurled with great force under the car and was caught by the brake beam, which pinioned him in a death vise.

The unfortunate man was rolled, twisted and mangled beyond all human semblance, and when the train stopped at the station the horror-stricken crowd stood aghast at the horrible sight. The body was literally torn to pieces. Mr. Frank Purcell, of the firm of Clayton, Purcell & Co., of this city, who was on the train, procured a crowbar with which he loosened the quivering remnants of the body, and the remains were carried into the station.

FORTY LIVES LOST.

An Explosion Wrecks a Vessel With Deadly Results.

NEW ORLEANS, Oct. 4.—The steamer Corona, of the Onachita Consolidated line, left here Wednesday evening for the Ouachita river with a full cargo of freight and a good list of passengers. She exploded her boilers at False river, nearly opposite Port Hudson, causing the loss of the steamer and about forty lives.

The Anchor line steamer City of St. Louis, Captain James O'Neil, was near by, and with his crew and boats saved many lives. The surviving passengers and crew were taken on board by Captain O'Neil and very kindly cared for by him and his crew.

THRILLING SCENE.

An Insane Prisoner Commits Suicide at Baltimore.

BALTIMORE, Md., Oct. 4.—There was quite a thrilling occurrence yesterday afternoon at the Maryland penitentiary between two negro convicts, Richard Wells and Isiah Wheeler.

Both were employed in the stone yard. Wells became frightened in the morning by unmanagable horses and was in a nervous condition all day. About 4 o'clock the man suddenly became wildly insane.

He picked up a heavy scantling and slashed at everybody. He struck Wheeler two terrible blows on the head and then ran upon the fifth tier of the prison and dashed himself to the flags. His skull was fractured, right thigh broken in two places, and several ribs broken. Both Wells and Wheeler will die.

Village Destroyed.

DUNKIRK, Md., Oct. 4.—Fire almost entirely destroyed the village of Dunkirk yesterday. It started in the store of W. A. Sullivan.

BALTIMORE, Oct. 4.—The lump block, factory of McCready, Rose & Whitehouse, on the Washington road, was burned this morning. Loss, $10,000.

DALZELL'S DEFENSE.

The Private's Reasons For Giving Publicity to the Tanner Letter.

ST. LOUIS, Mo., Oct. 4.—Private Dalzell, of Caldwell, Ohio, writes a letter in which he defends his course in publishing the Tanner letter. He says:

"My prudence in defending poor Tanner has been called in question and my statements flatly contradicted or sneered at as absurd. Call me what they please, they shall not successfully call me a liar. I am fortified. I have reserved enough ammunition yet to finish the fight. My veracity was unquestioned when I said that Tanner and the president promised me the deputy commissionership of pensions.

"This Corporal Tanner confesses in substance, and lays the blame of the violated promise upon Noble and the president, and this made the publication not only proper but unavoidable. I regretted exceedingly to call Corporal Tanner to the witness stand. He is a very unwilling witness, but I was forced to call him to testify that, whoever lied, it was not me. It was a private letter. I never published one before, nor would I have published this if the truth could have been brought out any other way.

"I have private letters from Senator Sherman, but I will never publish them without his express consent or demand. As for President Harrison's letters, I think I know my duty of deference and respect to the great office that he is called to fill, too well, to permit, without his expressed demand, to make public all the letters I have received from him. If the writers of the letters admit as Tanner did by their silence, or expressly, that I have stated their contents with substantial accuracy, I certainly have no need at all to make them public, but if, however, they publicly contradict me in any particular, I shall produce their letters before the jury of the people."

One against Waldo Hills for false pretenses and grand larceny; one against William Willows, assault and battery; one against Patrick Mack, petit larceny; one against John Dailey, assault and battery; one for forgery, one for assault and battery, with intent to kill, against parties not yet arrested.

David A. Burnie, for shooting Sam Drewly, was not indicted.

REPORT ON COUNTY ASYLUM AND JAILS.

To the Hon. E. O'Rourke, Judge of the Allen Circuit Court, Indiana:

We, the grand jury, would respectfully represent that we have examined into the condition of the poor asylum of Allen county, and would report that we found the house in good order and condition, the appointments clean, neat and in excellent condition and the inmates seemed to be well cared for.

We would recommend that the cells for the insane patients, especially those who are required to be confined, should be larger and better ventilation provided.

We also visited the county jail and found things in as good condition as could be expected under the circumstances. We would recommend that some changes be made in the cell room so as to enable them to close the cells in the day time, leaving but one open for the convenience of the inmates, and that the gate into the crankery be repaired, as it is in danger of falling down and injuring the party opening it.

We would also note that there were but few inmates at the present time in the jail. THOMAS S. HETLER, Foreman.

CIRCUIT COURT.

Phillomena Nommay vs. Ann Campbell, quiet title. Dismissed.

State vs. Wm. Willows, assault and battery; plead guilty; fine, $25.00; county jail for thirty days.

State vs. Patrick Mack, petit larceny; plead guilty; county jail for sixty days.

LOOKS RATHER BAD!

Montana's Legislature is Probably Republican, but the Democrats Get the Governor.

HELENA, Mont., Oct. 4.—The situation this morning shows that Toole (Dem.) is probably elected governor. The rest of the state officers are all republican and the senate also, but the house is in doubt.

The republicans claim the legislature on joint ballot by three or four majority. All the county officials are elected by the republicans. The situation in general is still unreliable.

PORTLAND, Ore., Oct. 4.—A special from Olympia states that returns are coming in very slowly. The republican majority is estimated at 7,500. This estimate is based on the latest returns. The legislature is undoubtedly republican by a large majority.

JAMES G. BLAINE.

Some of the Delegates to the Three Americas Congress Do Not Like Him.

NEW YORK, Oct. 4.—The *Sun's* Washington correspondent intimates that the Chilian and Argentine Republic delegates to the international congress are dissatisfied with the selection of Mr. Blaine as president of the congress, and that they may withdraw from the body.

WASHINGTON, Oct. 4.—Mr. Blaine was very busily engaged this forenoon and inaccessible to newspaper men, who desired some statement concerning the report that some of the delegates from Chili and the Argentine Republic to the Three Americas congress had withdrawn because Mr. Blaine had been elected president of the body.

A United Press reporter succeeded in getting to Mr. Blaine a telegraph dispatch giving the gist of the story and after a long wait he received it back without comment from Mr. Blaine.

The state department people refuse to discuss the matter further than to say that the falsity of the story in part, was shown by the fact that the Chilian delegates, who were said to have withdrawn, arrived in New York only yesterday.

The story published in New York this morning about the trouble in the international congress on account of the selection of Mr. Blaine to be chairman of the conference is confirmed by a good authority to-day. The Chilian delegates were represented by the Chilian minister. They, with the delegates from the Argentine Republic, withdrew from the conference rather than vote for Mr. Blaine. The cause alleged was that Mr. Blaine was not a member of the conference. It was through the efforts of these delegates that the resolution was adopted providing for the selection of a temporary chairman by lot.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, OCT. 4, 1889.

OCTOBER is the grandest month of the year. Such weather as this proves it.

THE result of the election in Montana is exciting a great deal of interest.

IT is predicted that Miss Wanamaker, daughter of the postmaster general, will be a prominent belle in Washington this winter. Her good sense and winning manners are her charms.

DWIGHT L. MOODY, the evangelist, is back in Chicago again saving sinners. With the exception that he has grown a little grayer and a little stouter he looks much the same as he did ten years ago.

GEORGE WILLIAM CURTIS in his annual address delivered before the Civil Service Reform League, at Philadelphia, arraigned President Harrison, the postmaster-general, republican senators and representatives in congress, party committees and local leaders for violating their pledges and disregarding public sentiment by repudiating the civil service reform plank in their platform.

AT the recent meeting of the International Typographical union a vigorous effort was made to have the headquarters removed from Indianapolis and permanently located at Chicago. It was finally decided to submit the matter, among other constitutional questions, to a vote of all the subordinate printers' and pressmens' unions of the United States. The committee authorized to canvass the returns has finished its work and found a handsome majority in favor of Indianapolis. Hence, the headquarters will remain there permanently.

INDIANA men came to the front in the elections held this week in the four new states. A. C. Mellette, elected governor of South Dakota, was editor of a Muncie paper before he went to Dakota. John R. Wilson, elected to congress in Washington, is a lawyer at Crawfordsville. H. C. Hansbrough, who goes to congress from North Dakota, is a native Hoosier. Judge Gideon C. Moody, of South Dakota, is from New Albany and was colonel of the Ninth Indiana infantry, and at the close of the war was appointed captain of a company in the regular army. Ex-Governor Gilbert A. Pierce, of North Dakota, formerly lived at LaPorte. The two gentlemen last named are to be elected to the United States senate by the legislature just chosen. Martin Maginnis, who ran for congress in Montana is a former Indiana man.

THE general convention of the Protestant Episcopal church of America, held every three years, is in session at New York city. This is looked upon as one of the most notable conventions ever held by the church in this country. This is the centennial and anniversary of the adoption of the constitution of the Protestant Episcopal church and of the holding of the first general convention, as prescribed by that constitution. It is also notable from the number of important subjects to come up before the convention. One of the questions to be settled is the proposed change of the name of the church, many being opposed to the present name. Another important question is that of proportional representation. There are also eighteen resolutions proposing "alterations and additions in the book of common prayer," which were adopted at the Chicago convention three years ago and which will come up before the present convention for final action. The general convention consists of two houses—the house of bishops, numbering forty bishops, and the house of deputies, consisting of over 400 lay and clerical delegates, two of each from each diocese.

THE THREE AMERICAS.

The purpose of the three Americas congress, which is in session this week at Washington, is to discuss trade problems, directly or impliedly with the end to establish better relations with the United States and the states of South America. All the southern countries are represented in the congress by gentlemen competent and authorized to examine into the advantages this country may offer in competition with the European nations with which the South American states chiefly deal.

The desirability of establishing closer relations between the several Americas has been set forth very clearly in recent years, and it has seemed remarkable that earlier efforts to that mutual benefit were not made. We have not held out many inducements to our southern brethren to transfer to us a merited part of the commerce with Europe, though we have been heavy buyers of South American products. About 89 per cent. of South and Central American imports are from Europe, this country getting the benefit of about 11 per cent. Yet a large proportion of the goods purchased in Europe could be supplied by us with greater convenience to the people it is our hope now to interest.

LEMON parties continue to be fashionable in the East. Each young man is expected to bring a lemon, a girl and squeezer.

NATURAL GAS ON A FROLIC.

The House of Fred Baade Rent Asunder by an Explosion—Another Accident.

Last night, a little previous to 10 o'clock, an explosion of natural gas at the residence of Fred Baade, the natural gas inspector, at 261 East Jefferson street, resulted in burning the occupants of the house and shattering one portion of the building.

The explosion can be accounted for as follows: The pipe valves in the house of Mr. Baade had been left open, the fuel not having yet reached them. The gas, however, was turned on in the evening, and of course permeated the atmosphere throughout the house. Finally the gas caught fire from a lamp resulting in an explosion, which was so terrific that one portion of the house at the rear was literally ripped apart. The damage is about $200.

There were in the house at the time Mr. Baade, his wife, and aged father, William Baade, besides Miss Emma Blake.

Mrs. Baade, who is a sister of Mr. H. C. Paul, was burned about the hands and face, as was Miss Blake. Mr. Baade, sr., was also badly burned, while his son was more fortunate, having escaped with slight burns. He then groped his way to the valve and shut off the gas.

It was gross carelessness and nothing else that caused the accident. The fire department was called and prevented a fire.

FAST FLYERS.

Fort Wayne Horses Capture Prizes at the North Manchester and Kendallville Races.

Fort Wayne horses continue to win laurels, and make happy the hearts of their owners. In the free-for-all pace at North Manchester yesterday, "Tom F," owned by Mr. Franks, took the first place, and at Kendallville the 2:40 trot was won by "Lorna Doon," Rockhill Brothers & Fleming's horse, the best time having been 2:36; while Bash's "Luella" won the free-for-all pace—best time, 2:23¼.

The races at North Manchester resulted as follows: Three minute trot—River Bend, 1; Rowena Sprague, 2; Traction, 3; best time, 2:39¼. Free-for-all pacing—Tom F, 1; Mack, 2; Jennie B, 3: Andy H, 4; best time, 2:23¼. One mile run—John Bower, 1; Mollie B, 2; Sugy, 3; time, 1:52.

In the free-for-all pace at Edinburg, Ind., the score stood: Pickaway, 4; Gray Harry, 2; Daisy C, 3; best time, 2:19. These horses were seen here at the recent races.

TWELVE TEMPTATIONS.

The Beauties of the Attraction Exhibiting at the Temple To-Morrow Night.

The main success of the "Twelve Temptations," which exhibits at the Temple to-morrow night, is ascribed to the elaborate scenery, of which more is carried than by any other attraction on the road. The artists are all eminent in their line and the scenes displayed are grand in their beauty and magnificence, and the audience are dazed with their splendor.

The changes, transformations and general scenic effects are admirable and are managed with fine precision. This portion of the show presents all the charms of coloring, tone, harmony and elaboration to be found in an art gallery, and insures the success of the spectacle, even if it did not possess any other valuable accessories.

Murphy-Barry.

Last Wednesday, at 9 o'clock in the morning, occurred the marriage of Mr. William Murphy, of the Jenney works, and Miss Ellen Barry. The ceremony was performed by Rev. Father O'Leary. After the ceremony a reception was held at the pleasant home of the couple, at 60 Wilt street. The presents were numerous and handsome and were as follows: Tea dishes, Lizzie Teghtmeyer and Mary Leonard; lamp, Miss Katharine Sullivan, Roanoke; silver butter dish, William Storeby; red plush sofa, bride's brother; water set, Miss Shaughnessy, of Roanoke; wine set, H. P. Collins; album, Dr. E. J. McOscar, John Muldoon and Messrs. Mohr and Hayes; candlestick, Mr. and Mrs. Cardeway; fancy silk drapery, Mr. and Mrs. Ward; cuspidore, Wm. Trier; pair vases, Master Freddie and Horace McCullough; fancy towel rack, Miss Edith McCullough; $25.00 cash from Mr. and Mrs. McCullough; pair blankets, Miss Sullivan; two pair comforters, Misses Gorman; fancy pincushion, Miss Carroll; table cloth and napkins, Misses Johnson and Sullivan; two pair lace curtains, Katie Gorman; Miss Nellie Sullivan, silver cake stand; Miss Lizzie Sullivan, silver cake dish; fancy water set, Katie Cox; fancy lamp, Miss Maggie and Mary Sullivan; wash board, tub and clothes basket from Litot brothers and sister, and other presents too numerous to mention.

The scenery for "Lights and Shadows" is realistic and effective, displaying as it does, New York, the Brooklyn bridge, East river, and a deluge of real water, which is said to be the greatest effect ever put on the stage. Seats are now on sale.

Ball Games.

The games played yesterday were as follows:

National league—Cleveland 0, New York 9; Indianapolis 9, Washington 0; Chicago 5, Philadelphia 5; Pittsburg 2, Boston, 7.

American association—St. Louis, 7, Kansas City 5; Baltimore 11, Columbus 3; Brooklyn 17, Athletics 0; Cincinnati 14, Louisville 3.

A Sudden Attack.

WESTWOOD, N. J., Oct. 3.—Wm. H. Thompson, ex-sheriff of Rockland county, New York, was taken suddenly ill while watching a horse race at the fair grounds yesterday, and it is feared that he can not recover.

"Had Been Worried Eighteen Years."

It should have read "married," but proof-reader observed that it amounted to about the same thing, and so did not draw his blue pencil through the error. Unfortunately there was considerable truth in his observation. Thousands of husbands are constantly worried almost to depair by the ill health that afflicts their wives, and often robs life of comfort and happiness. There is but one safe and sure way to change all this for the better. The ladies should use Dr. Pierce's Favorite Prescription.

HIS DREAM A FAILURE.

A gentleman living in Baxley recently dreamed that in a certain hole under a stump of a tree he would find a fur collar which had been stolen from his house. He visited the field, found the stump, and, placing his hand in the hole, felt a furry substance, pulled it out, and dropped the skunk on short notice, and has since then been fumigating the clothes he wore on that occasion. He says that dreams are a failure.—*Savannah News.*

You should read the CHICAGO DAILY NEWS because it's *an independent newspaper.* There are two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. THE RAILROADS.

Local News Gathered Around the Busy Centers of the City.

A. B. Adams, roadmaster of the Wabash, was in the city yesterday.

The improvements around the Wabash depot are now nearly completed.

Ed Gruber, of the electric light works, is off duty on account of an injury to his hand.

Charley DeRome, who plays the negro character with the People's theater troupe, was formerly an employe of the Pittsburg shops.

Ollie Kinnard has accepted a position as foreman with the Wabash machine shops at Chicago, and will leave for that city next week.

To-morrow ten special trains will pass through this city from the west on the Pennsylvania road with delegations of Knights Templar on their way to Washington.

H. B. Millikin, the oldest engineer on the New York Central road, who retired after having run an engine on that road forty-five years, has been appointed an inspector in one of the company's shops.

Martin Kramer, of the Pennsylvania company, has received a letter from his wife, who has been visiting her parents in Germany for the last four months, stating that she will leave for home about the 19th inst. and expects to reach Fort Wayne about the 1st of November. She has been having a pleasant visit abroad. Her parents live near the French line and she has spent some of her visit abroad at Paris, the gay French capital.

A MAGNIFICENT TRAIN.

The train which carried the delegates to the Three Americas Congress out of Washington yesterday on their eastern trip was a magnificent one.

There were seven cars on the train, all vestibule, and all fresh from the Pennsylvania shops, and even the engine was new. On the side of the composite car, "Esperatus," immediately behind the engine, was lettered in gold, "International American Congress—Pennsylvania Special." In this car was the dynamo which furnished electricity to illuminate the entire train, the bath room and barber shops, the library and the smoking room. Behind the composite car was the dining car, "Windsor." Its larder was stocked with every delicacy. Then came the vestibuled Pullman cars, "Russia," "Japan," "India," "Columbus," and "Washington."

They were the largest size Pullman cars. Each contained twelve sections and two drawing rooms. Each was lighted from above by incandescent lights, while other lights were arranged in each berth, so that the travellers could have their sleeping apartments lighted at night if they chose. George W. Boyd, the assistant general passenger agent of the Pennsylvania railroad, and Mr. Martin, of the Pullman palace car company, were on the train superintending every arrangement.

LOCAL LINES.

Mr. Gart Shober is said to be in Chicago with Mr. Frank Falker.

Mrs. Daniel Komp has returned from Kansas City much improved in health.

Frederick Frock was arrested by Officer Kramer last night and was sent to jail this morning.

Judge Taylor is at Indianapolis. He will return home to-morrow and go to New York city Monday.

Mr. James E. Graham delivered an address at the reunion of the One Hundred and Twenty-ninth regiment held at Churubusco yesterday.

James Sawyer, who was fined by 'Squire Ryan last week, and who claimed to be a preacher at the Nebraska Mission church, has nothing whatever to do with that congregation.

The following are the real estate transfers: J. W. Hayden to Francis and Susan Sinclair lot 196, Lewis' addition; C. McCulloch to Bartlett E. Colter lot 15, McCulloch's homestead addition.

Mr. Ed Gruber, who had his hand caught in a shaper at the Peters Box and Lumber Company's works, will lose one finger in consequence. It will be a month before he gets to work again.

On Wednesday evening, October 9, will occur the nuptials of Cecilia M., daughter of Mr. and Mrs. Isaac Mendenhall, to Clinton Bourie, the ceremony to take place at the bride's home, 107 Lafayette street.

A team belonging to H. W. Bond, the flour dealer, ran away on Main street last evening while the driver was making a delivery at Fox's restaurant. The animals were stopped and taken to the police station. No damage.

John L. Hanna, through his attorney Harry C. Hanna, enters suit against Louis E. Heck for $150 damages, claimed to have been sustained by the plaintiff while riding his bicycle. It was a collision of horse and wheel, in which the machine was wrecked.

Mrs. W. F. Heath has returned from a visit to Dayton, Ohio.

Mr. F. D. Paulus went to Kendallville this morning, to attend the fair in progress there.

Mrs. Fred Neise, and daughter, Ethel, have returned from a pleasant visit at Lima, Ohio.

The beautiful society actress, Miss Estelle Clayton, will present "On the Hudson," in this city October 9.

Miss Josie Cummings, of Chicago, who has been visiting her cousin, Miss Clara Lordier, of Baker street, left for home to day.

Prof. Ungemach has a special class in German, consisting of Drs. K. K. Wheelock, E. J. McOscar, George C. Stemen, and others.

A gentleman whose name could not be learned, suffered a severe fall last evening down a well on Baker street, which he was repairing.

The Three Rivers Rod and Reel club was lately organized. Mr. Charles Bekers is president. The last meeting was held last Wednesday evening.

The discharge pipe for the new water works engine was connected up yesterday. Inspector Iten says the handsome machine will be in operation in the course of ten days.

Mr. Fred Neise, the popular young clerk, who was connected with the store of W. H. Pyke for a long time, has accepted a similar place with the extensive grocery business of A. J. Dittoe.

Plymouth *Democrat*: "Right-of-way contracts for the New York, Fort Wayne and Chicago railroad were printed at this office this week, and we believe it is the intention of the company to prospect for the right-of-way over the proposed route at once."

Miss M. Walpole, Indianapolis; E. J. Rosenthal, Cincinnati; F. A. Lankin, C. Russ, Chicago; N. K. Todd, Bluffton; H. M. Hemming, Waterloo; H. W. Kapp, Bluffton; Mrs. J. L. Larwill, R. G. Thompson, Frank Purcell, city, are among the guests at the Aldine.

Of the suit in which citizens of Plymouth sue the Jenney company for $50,000 damages, the Plymouth *Democrat* says: "Hon. Chas. Kellison is the principal attorney in the case, with the Hon. Joseph E. McDonald and others of Indianapolis as advisory council. A change of venue will undoubtedly be taken from Fort Wayne and the case will probably not be finally disposed of within the next ten years—so effectual are 'the law's delays.'"

Last evening, a surprise party was tendered to Miss Tracy Huber, at her home, 380 East Wayne street. Good music, dancing and a sumptuous repast were the delights of the evening. Those present were: Misses Mary Gerardin, Dora Ehrman, Tina Lauer, Lizzie Pritchert, Lizzie Neher, Emma Roth, Anna Gepfert, Maggie Wittman, Mary Lauer, Anna Lauer, Anna Schierman, Lizzie Houser, May Besson, Julia Passino, May Ahern; Messrs. William Wunderlin, J. Ockerman, C. Schulz, Clem Miller, Ed Ehrman, H. Lauer, T. Ankenbinck, J. Hartman and W. Loyomayer.

Distress after eating, heartburn, sick headache and indigestion are cured by Hood's Sarsaparilla. It also creates a good appetite.

Will Trot Again.

NEW YORK, Oct. 3.—Belle Hamlin and Harry Wilkes have been matched to trot for $2,500 a side, at Fleetwood Park, on October 11th.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Tanner at New York.

NEW YORK, Oct. 3.—Corporal Tanner, ex-commissioner of pension, arrived here from Washington last evening and is staying at the Astor house. He declines to be interviewed.

The man in the moon came tumbling down,
And asked the way to Norwich.
He went by the South and burnt his mouth
With eating cold peas porridge.
"Pond's Extract is sure your burns all to cure,"
Quoth the man in the moon, "I doubt it."
But when once applied the pains quickly subside,
And he never will be without it.

Mrs. Z. T. Esmond and niece have gone to New York state on a visit.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.
